

AGIO AT A GLANCE

WHO WE ARE

Agio is a progressive managed IT and cybersecurity firm with a singular mission: to be the best. Fueled by a carefully curated culture built on our core values, we deliver on this mission through every client, every interaction, every day. Our recipe is simple. We employ best-in-breed technology, combine it with industry-specific experience, and wrap it all in white-glove service.

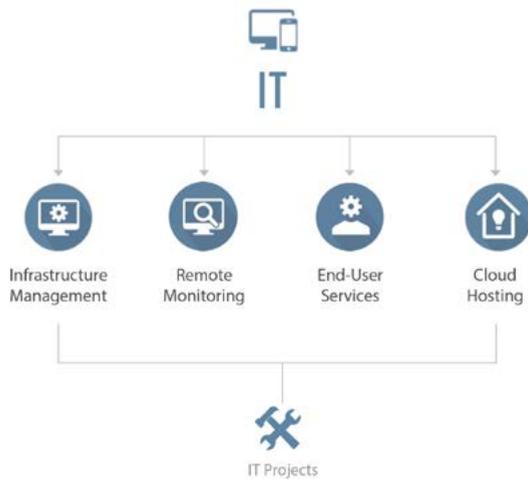

Our global network of over 200 employees provides 24x7x365 access to expertise across multiple technology and security practices. Agio's corporate headquarters in New York, NY places us at the heart of our client and industry partner base, while our state-of-the-art operational headquarters in Norman, OK, acts as the lifeblood of our client services operation. Agio's security operations center (SOC) is located in Raleigh, NC, where experienced personnel handle the oversight and implementation of our 360° security philosophy. Each of these hubs plays a critical role in supporting Agio's engineers at on-site client locations and in our regional offices, located in: Stamford, CT | Bangalore, India | London, UK.

We've got you covered.

AGIO

WHAT WE DO

Agio's holistic portfolio of services ensures we can manage your environment more effectively, while simultaneously protecting it from the inside out. Specifically, our infrastructure services include Remote Monitoring & Management, Hosted Solutions, End-User Services, as well as project-specific, solutions engineering IT Consulting; and then finally SkySuite—a special bundle of services for emerging firms. Our 360° approach to cybersecurity is comprised of Managed Security, programs tailored to specific markets, such as our SEC Cybersecurity Readiness Program, Agio PCI 360° and Health Care 360°, in addition to a wide range of Cybersecurity Consulting options.

HOW WE'RE DIFFERENT

We are committed to delivering a superior client experience. Our passion to be in the service of our clients drives continual evolution and meaningful progress, keeping us at the forefront of the industry. That forefront looks like built-in cybersecurity through our integrated business model; transparency through our custom proprietary tools and systems; and proactivity by way of weekly and monthly posture reports to examine trends in your environment as well as deep dive analyses. Every decision we make is about you, not us. This is what sets Agio apart.

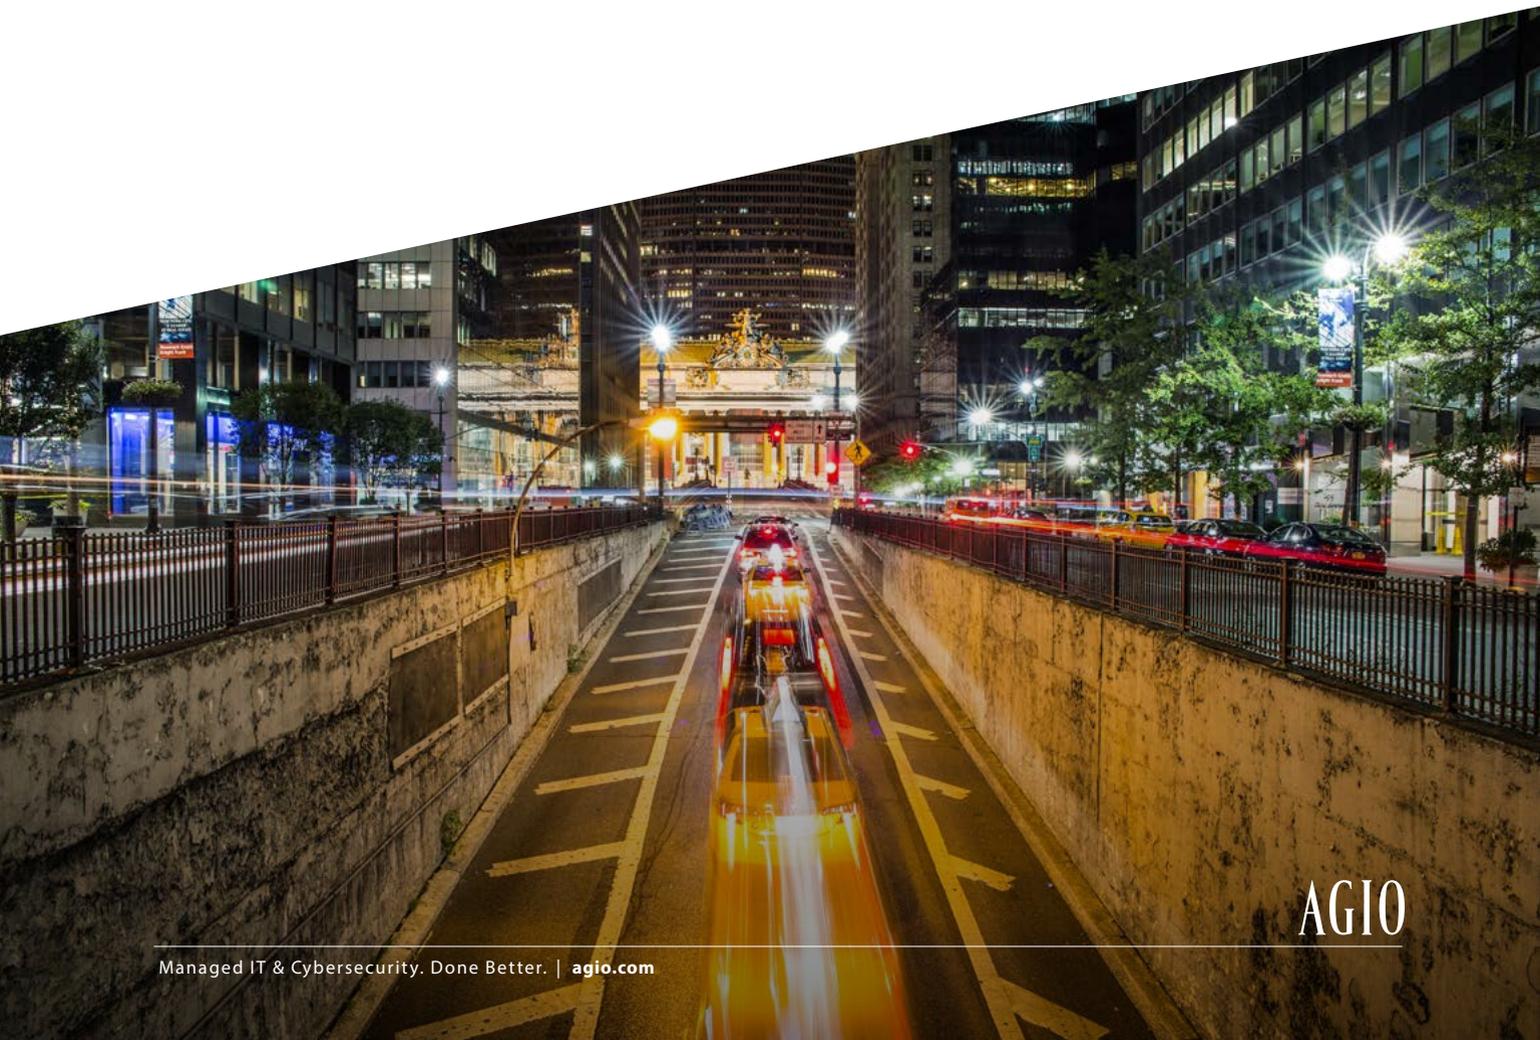

WHY AGIO?

#ONEAGIO

When you select Agio, you're investing in a relationship with everyone who's a part of this firm. Our teams operate in a symbiotic relationship, based on deposits and withdrawals, that creates a vehicle for delivering more than just service. We deliver an experience that reaffirms to our clients we've got them covered. From clean, concise implementations; to consistent support backed by automation and tools that work the way they're supposed to; to value-add reporting; to accurate, timely invoicing; and content on the latest IT and cybersecurity trends, we bring the full breadth and depth of our talent to bear. We deliver #OneAgio.
